NOTICE.

Customers unacquainted with the different kinds of plants that bloom throughout the season, would be advantageously supplied, if, in giving orders, they state the object they wish to effect, also the sum they wish to expend, giving the names of what they already have, when a selection will be made suitable for the purpose; and doubtless prove more satisfactory than if made by themselves, as it is no easy matter to judge of varieties by reading a description. Where selections are left to us, purchasers may depend upon receiving the best sorts and the best plants,

Orders by mail promptly attended to. We desire to be informed of any error or omission (should any occur), so that it may be corrected at once, as it is our desire to satisfy all who may favor us with their orders.

All plants sent out by this establishment will be carefully packed and delivered on board of steamboat or railroad, free of charge, after which they are at risk of purchaser.

Special attention is called to our surplus collections of Plants for Bedding purposes.—See page, 6.

Bouquets, Wreaths, Baskets, Crosses, and other Floral Decorations, arranged in the best style of art, to order. This department is made a speciality, under the direct supervision of W. C. New York.
Abutilon Thompsonii.

An exquisitely beautiful variety of the well known Chinese Bell Flower with foliage mottled or marked with bright yellow, retaining the variegation during the hottest summer months. Very effective when planted with other plants, or used in Ribbon Border. Price 25 and 50 cents each.
PLANTS FOR GROUPS OR LAWNS.

Arundo Donax.

This is a very beautiful and ornamental reed-like plant, growing about six feet high, with broad lance-leaved foliage of the deepest green. Magnificent for lawns. Price 50 cents each.

ARUNDO DONAX VARIEGATA.

This is a scarce and beautiful variety of the same habit as Arundo Donax, having the foliage beautifully striped with white. Price 1.00

Bocconia Japonica.

This is a noble plant for lawn decoration, recently introduced from Japan. It is of the most luxuriant growth, forming a bush five or six feet in height, and producing a profusion of beautiful pyramidal spikes of flowers, from two to three feet in length, from August until frost. The leaves are very large and serrated like the leaves of the oak, and of a sombre green color. For planting as a single specimen on the lawn or in groups, it is unsurpassed. It is perfectly hardy, requiring no protection through the winter. Price 25 cents each.

Colocasia (Caladium) Esculentum.

One of the most attractive ornamental foliaged plants in cultivation, growing about five feet high, with heart-shaped leaves of an immense size, being from two to four feet in length by one and a half to two and a half feet in breadth and which are very smooth and of a light green color, beautifully variegated with dark green. It is of the easiest culture, and will grow in almost any soil. Price 25 cts., strong roots, 50 cts each.
Canna.

A stately species of plants highly ornamental and effective, producing a rich and oriental effect, by their large, broad, massive foliage, which resembles the banana, growing from three to six feet high, and producing flowers in racemes of crimson, scarlet and buff colors. It is exceedingly ornamental, and imparts a tropical appearance to any garden where it is grown, and unsurpassed for massing on lawns. Price, named varieties, 50 cents; $4.50 per doz: varieties, without name, large roots, 3.00 per dozen.

ANNEI, Large glaucous foliage, free bloomer.
BONNETTI,—Glaucous leaves suffused with brown flowers, bright red.
COCCINEA,—Fine foliage, scarlet flowers, extra.
INDICA,—Noble foliage, very effective when in bloom.
GIJANTEA,—Enormous Leaves, scarlet flower.
RUBRA PERFECTA,—Leaves olive green and purple medrib.
WARSCHEWIEZL,—Bright green leaves, with dotted margin, flowers bright scarlet.
NEPANLESIS, NERVOSA AMEII, NERVOSA, ELATA MICROPHYLLA CROCEA, SPECTABILIS, SELLOWII,

JAPANESE MAIZE.

This is a splendid plant for decorative purposes, growing about five feet in height, with bright green leaves, ribboned with stripes of white. It is unsurpassed for grouping in lawns, or for interspersing among shrubbery. Price, $1.50 per dozen.

Gynerium Argentum (Pampas Grass.)

A highly ornamental, reed-like grass, from South America, attaining a height of six or seven feet, with magnificent plumes of white flowers, measuring from one to two feet in length, excelling for massing in lawns, where it presents a magnificent appearance. Its roots can be preserved through the winter by keeping in a cellar or cold frame. Price 50 cents to $1.00 each, according to size.

WILSON'S

DESCRIPTIVE CATALOGUE OF PLANTS.

Salvia Splendens (Variegata.) NEW.

This is a much desired novelty of decided merit. Heretofore about the only objection raised against the Salvia was want of bloom and beauty during the summer months. But with this beautiful variety the objection is removed. The foliage being beautifully variegated white and green, the colors being about equally divided, but retaining the same habit and free blooming qualities of the well-known favorite variety Salvia Splendens. Price, 25 cts. each.
Dianthus Heddewigii Diadematus.

DOUBLE DIADEM PINK.

A magnificent double Pink after the style of D. Heddewigii; but more dwarf and compact in habit, with flowers from two to three inches in diameter, and of the most gorgeous colors, varying from the most delicate pink to the deepest purple, with most beautiful markings and flowering throughout the season, $1.50 per dozen.

Stevia Variegata. 

A very beautiful variegated variety of this well-known plant (raised by us the last season,) with foliage finely and evenly variegated white and green, flowering similar to Stevia Odorata, of which it is a sport. It will, no doubt, become a popular plant for pot culture, being extremely beautiful, even when out of flower. Price, 50 cents each.
Lychnis Flos Cuculi Pleno.

**Double White Lychnis.**

A valuable plant for summer bouquets; flowers pure white, two inches in diameter, resembling a double carnation.—It blooms from middle of June to October. Entirely hardy in this section. Price, 30 cts. each. $3.00 per dozen.

Hesperis Matronalis Variegata.

A very pretty dwarf plant, with light green leaves, edged with white. Throwing up spikes of double white flowers, very fragrant. Excellent for baskets, rock work, and vases. Price, 25 cents each.

Panicum Plicatum (fol Variegata.) **NEW.**

A very pretty and desirable decorative and rank growing grass, with deep green foliage, striped white, attaining a height of about 2 feet. Excellent for interspersing with other foliaged plants in open border. Hardy. Price, 50 cents each.

Allysum (fol Variegata.)

This is similar in habit to the common Sweet Allysum, but with foliage deeply variegated white. For border, edgings, or ribbon lines, it is unsurpassed. Price, $2.00 per dozen.

Boussingaultia Lachaumii. **NEW.**

A beautiful variegated variety of the well-known Maderia Vine, but of a shrubby habit, attaining a height of about 18 inches; the foliage (which is variegated green and white) retains its variegation throughout the hottest summer months, thereby making it one of the best variegated plants yet introduced for general cultivation. Flower pink; perfumed similar to mignonette. Price, 25 cents each.

Coleus.

The Coleus are know too well-known to require any description, their reputation as a plant for bedding or massing being world-wide. Concerning the “New Golden Coleus,” we take the following descriptive remarks from the London Gardeners' Chronicle.

“The new varieties differ from the others chiefly in their colors, which are of indescribably rich tints of bronzy crimson, varying in shade and intensity, and having a peculiarly lustrous glow, which gives the effect of shot silk, the shot color being in some cases of a brighter crimson, in others a rich magenta purple, while the margin, sometimes broader, sometimes reduced to the tips of the crenatures, is of a yellow-green, and forms, as it were, a golden brace-like edging.”
New Golden Coleus.

A very pretty variety of these well known favorite producing flowers, which are perfectly double, resembling miniature roses, they are admirably adapted for planting in clumps or edgings, the brilliancy and richness of color when massed making them exceedingly showy and ornamental, Price, $1.00 per doz.

Achyranthus.

ACHYRANTHUS ACUMINATA,

A very neat and picturesque leaved plant, for garden decoration with rich crimson stems, and dark red acuminated leaves, marked with a salmon red midrib and light crimson under surface. Very effective when planted with silver leaved plants. Price, 25 cents each.

ACHYRANTHUS LINDENII.

A beautiful variety well adapted for decorative beds and ribbon lines. It is of a dwarf and compact habit, with narrow lanceolate leaves of a deep red color. When planted in a sunny position reflecting tints of red and purple, Price, 25 cents each.

ACHYRANTHUS BORBONICA.

A pretty variety admirably adapted for massing; the color of the foliage being of a deep purple habit, somewhat dwarfer than the other varieties. Price, 25 cents each.
ACHYRANTHUS VERCHAFELDTII.

A beautiful variety, having brilliant dark crimson leaves with ribs and stems of a bright carmine, purple shade and a metallic vein running throughout the plant, giving it a very pleasing appearance. A neat habit growing about a foot and a half high excellent for ribboning. Partial shade. Price, 25 cents each.

ACHYRANTHUS AUREUS RETICULATUS

This is of the same form and style of growth as A. Verchafeldtii, with light green foliage, beautifully veined with yellow; stems crimson, forming a beautiful contrast with the foliage. Very effective. Price, 25 cents each.

Lobelia.

Plants of easy growth, delight in moist, half-shaded ground or cool latitudes. The dwarf sorts make beautiful edgings, and are much used in hanging vases. Price, $2.00 per dozen.

LOBELIA MISS MURPHY.

A very pretty dwarf compact variety which will no doubt become popular. When planted in the open border it forms a circular tuft about a foot or more in diameter. Flowers, pure white. Excellent for baskets or shady border. Price, 25 cents each, $2.50 per dozen.

Tricolored Geraniums.

This magnificent class of Geraniums have created much excitement on the continent of Europe and are destined to take a high position in the estimation of all lovers of the beautiful in this country, presenting beauties in their transcendently beautiful foliage equal to that of the butterfly. It is impossible to convey an adequate idea of their beauty in any written description. They have only to be seen to be appreciated. Price, 50 cents each. $5.00 per doz.

LADY CULLUM.

Broad rich leaf zone. Rich bronze crimson ground, suffused and bordered by a beautiful flame color.

SOPHIA DEMARESQUE.—Rich golden leaf margin, brilliant flame, tinted scarlet zone.

RAINBOW.—Silver white margin and red zone; flowers scarlet.
Double Flowered Geraniums.

A new and beautiful section of this well-known plant, producing double flowers, and are cultivated as easily as the single varieties. They will, no doubt, become very popular, as the blossoms do not shed their petals, hence they remain in flower a long time, and are useful in a variety of ways, where the single varieties are all almost worthless. They are first-class bedding plants. Price, 50 cents each, except where noted.

TRIOMPHE DE THUMESNIL.
A free, vigorous branching habit, with remarkable large compact trusses of rosy violet, carmine flowers, perfectly double. Extra.

SURPASSE "GLORIE DE NANCY."—A strong vigorous grower; flower very double; color bright scarlet.

MADAME ROSE CHARMEAUX.
A beautiful variety, and perfect counterpart in growth, and blooming as the well-known Tom Thumb and Crystal Palace Scarlet Geraniums. Produces a profusion of brilliant scarlet double flowers in trusses one-third larger than the single one, and by the continued duration of their bloom, are admirably adapted for conservatory decoration.

TRIUMPH (NEW.)—A variety of robust habit, producing immense trusses of full rosette-like flowers of a brilliant scarlet.

RUSTIC BEAUTY.—Carmine, white centre.
TOM TIT.—Brilliant scarlet, white eye.

Price, 50 cents each. For the set, $3.00

Centaurea Gymnocarpa.

A beautiful downy white foliaged plant, with drooping fern-like leaves, forming a graceful rounded bush about two feet in diameter. Splendid for ribboning or bedding, forming a beautiful contrast with dark foliaged plants. Price, 50 cents each.
Tricytus.

Very beautiful late flowering hardy, herbaceous plants, producing flowers in spikes about six inches in length, resembling in their peculiar form and markings, some varieties of air plants, and possessing a fragrance resembling the heliotrope.

T. Grandiflora, color lilac, marbled white.
"Floridus Nigiris.
"Nigra. 50 cents each.
Centaurea Candidissima.

A beautiful plant, with white downy foliage, growing about two feet in height, and forming a magnificent contrast with Coleus or other dark foliaged plants. Indispensable for ribbon system. Price, from 25 to 50 cents each.

Cineraria Maritima.

A thrifty growing plant of good habit, with downy white leaves which are deeply cut. Good for contrast with dark foliage plants. Price, 25 cents each.

Centaurea Ragusina Compacta.

This most effective plant is an improved form of the well-known *C. ragusina (candidissima)* of a more neat, compact, and dwarf habit, and free from the wide spreading and coarse summer growth of *C. ragusina*. Price, $1.00 each. New.

Trifolium Repans Pentaphyllum.

A very pretty variety of the Clover tribe, with four and five leaves to a stem, each leaf having a very dark centre, nearly black, margined with a beautiful bright green, Excellent for rustic work. Price, 25 cents each.

Florist's Pink.

These are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced with white, flowers perfectly double, clove-scented, plant entirely hardy. The following varieties embrace all shades and styles. Indispensable for summer bouquets,

White Fringed. Plato.

Price, 25 cents each. $2.50 per dozen.

Double Zinnias.

These are similar in habit, but more varied in color than the single varieties, and have flowers that are perfectly double, having more the appearance of a fine dahlia flower, and blooming throughout the summer and autumn months. Price, $1.00 per dozen.

Madeiria; or, Mignonnette Vine.

This is a very rapid running vine, excellent for covering out-houses or trellises, having white feathery-like flowers in the fall, which are fragrant. Roots started in pots, $3.50 per dozen; dry roots, $1.50 per dozen.
Variegated Ivy.

With foliage like the ordinary Ivy, with bright and distinct variegation of white and yellow spots, blotches and edges. They are all very beautiful, and as hardy as the Irish Ivy, from which they originated. We have six varieties, all quite distinct. Price for the set of six, $2.50; 50 cents each.
Mimulus (Monkey Flower)

A very pretty dwarf plant and profuse bloomer, with yellow flowers of a singular shape and very showy colors, being generally blotched with rose or crimson, and blooming throughout the summer months. Price, $1.50 per dozen.

Salvia Splendens,

This plant is the most gorgeous fall flowering plant grown, growing about four feet in height, making a beautiful symmetrical bush, which is covered with spikes of bright scarlet flowers, each spike measuring about six inches long. It is unsurpassed for massing. Price, 25 cents each; $2.50 per dozen.

SALVIA PATENS.

A choice variety of a deep blue color, in habit similar to Salvia Splendens, with which it forms a beautiful contrast. Price, 25 cents each; $2.50 per dozen.

Ageratum Variegatum,

Very desirable on account of its variegated foliage, which is bright green, marked with broad golden edges, shaded crimson. It has tresses of blue flowers, like A. Mexicanum. Price, 25 cents.

Double Tube-Rose,

The Tube Rose is one of the most fragrant and beautiful of summer blooming bulbs, throwing up stems of wax-like, white flowers, from two to three feet high, and continuing in bloom for a long period. Of this universal and almost indispensable favorite we have a splendid stock to offer this season. To insure blooming, and thereby give better satisfaction, we have started a number in pots, that will flower in July and August, thereby running no risk of being injured by the frost. Price, first quality, started in pots, $3.00 per dozen; first quality, dry roots, $1.50 per dozen; $10 per 100.

Bigonia Sandersii,

The value of this plant as a bedder is not generally known: when planted in the open border it will present a mass of deep pink waxy blossoms, from July until frost, growing about 18 inches high. Price, from 25 to 50 cents each.

Artemesia Stellarins,

One of our best silver foliaged plants. Its stems, branches and leaves are alike covered with silky white hairs, giving the whole plant a charming silvery appearance. It is of a close, neat, branching habit. For bedding edging, or massing is very effective. Price, 20 cents each.
Balsams, (Camelia Flowered.)

Strong seedings from carefully selected seed of our own saving, embracing many colors, and of great beauty and perfectly double. Price, $1.00 per dozen.

Ferns, (in variety,)

These beautiful foliaged plants are now getting into general cultivation. Although destitute of the gaudy colors of other flowers, their great diversity and gracefulness of foliage make them much valued as plants for baskets, vases or rock-work, or as specimen plants for the parlor or conservatory. Price, $3.00 per dozen.

French Hybrid Gladiolus,

There are no plants that have been introduced for many years which have been received with more favor by lovers of flowers than the Hybrid Gladiolus, always eliciting expressions of admiration wherever seen. The great variety attained during the last six years is perhaps more surprising than that of any other plant in cultivation. To those unacquainted with this beautiful plant, we would say that it is of the easiest cultivation, never failing to bloom. The flowers, in spikes of nine to fifteen inches in length, combine the leading colors—scarlet, rose, white, orange, yellow, etc., with every conceivable shade of marking. A descriptive catalogue furnished on application. Price, from 20 cents to $2.00 each; $2.00 to $20.00 per dozen; choice mixed varieties, $1.50 per dozen; $8.00 per 100.

Hardy Carnations,

This tribe of Carnations are those that flower profusely during the months of August and September. They are strongly clove-scented, and much richer in color than the monthly variety. We have obtained a superior stock from seed of our own saving, and believe that nearly all will prove double-flowered. Price, $1.50 per dozen.

Gaillardia Picta Grandiflora,

A splendid bedding plant, remarkable for the profusion and brilliancy of its flowers, continuing in beauty all summer and autumn months, and thriving well in any garden soil. Price, $1.50 per dozen.

Nierembergia Gracilis,

A pretty bedding plant of good habit and delicate foliage; flowers, light blue, with dark centre; ever blooming. Price, 15 cents each. $1.50 per dozen.
Iberis Sempervivens (Hardy, Candy-Tuft,)

This is a very pretty little plant, especially adapted for edgings, rockeries, vases or bedding, coming in flower among the earliest spring plants, and for a long time continues in a dense white mass of beauty. It succeeds well in any garden soil. Price, 25 cents each; small plants, $10 per 100.

Hardy Double White Primrose,—Primula vulgaris.

This, though an old plant, is quite scarce in this country. The flowers are pure white, perfectly double, and possess the true Primrose fragrance, and equal in size the Chinese Primrose. Though hardy in this section in dry soils, yet it is greatly benefited by a covering of leaves, put on late in the fall. Price, 30 cents each; $3 per dozen.

Myrsiphyllum Asparagoides,—(Smilax.)

There is no climbing plant in cultivation that surpasses this in the graceful beauty of its foliage, and its peculiar wavy formation renders it one of the most valuable of all plants for vases or hanging baskets, as it can be used either to climb or to droop, as required: it is now considered almost indispensable by florists. Price, 30 cents each; $3 per dozen.

Hemorocallis Variegata (Hardy.)

A beautiful variety of the Day Lily, with leaves of bright green, heavily striped with white, very ornamental, and well suited to partial shade. Price, 50 cents each.

Vinca Variegata.

A beautiful variety of the Periwinkle, with bright green leaves, edged with yellow, and flowers of deep blue. Excellent for baskets, rock-work and vases. Price, from 15 to 50 cents each.
Akebia Quinatia.

A very beautiful, perfectly hardy, fast growing Japan vine, with magnificent foliage, producing flowers in large clusters of a chocolate purple color, possessing a most delicious perfume; unsurpassed for covering trellises and verandas. The foliage never being attacked by insects. Price, 25 and 50 cents each.
Dielytra Spectabilis.

One of the finest hardy herbaceous plants cultivated. The flowers are of a novel lyre-like form, in spikes of pink and white, and produced in great abundance. Price from 35 to 50 cents each.

Prunus Sinensis.

**JAPAN FLOWERING PLUM.**

A very beautiful hardy shrub, having flowers of a pure white color resembling the Flowering Almond, but larger. Price 50 cents to $1.00 each.

**HYDRANGEA Imperatrice Eugenie.**

A remarkably pretty and distinct variety. Outer petals white, the centre ones rose color, both passing into a light blue. Foliage smaller. Dwarf habit. Price 50 cents each.

**HYDRANGEA HORTENSIS.**

A beautiful herbaceous shrub, having flowers resembling a snow ball in shape, and which changes color from white to rose and blue. Price from 25 to 75 cents each.

**HYDRANGEA HORTENSIS VARIEGATA.**

Beautiful foliage of green and white, adapted to a rather shaded location in the garden or about the dwelling. Price 25 cents to $1.00 each.

Hollyhocks (Double.)

Of this deservedly popular plant we have a fine collection. The great improvements that have been made by hybridization within the last few years have now deservedly placed it among the most popular plants of the day. Almost every shade of color from white to black, from pink to maroon, etc., has been obtained, and the immense spikes being covered with the many colored flowers, make it the most conspicuous and effective plant grown for planting among shrubbery, or for a floral background. Large plants, in pots 50 cents each. Price 4.50 per doz.

**WEGELIA HORTENSIS NIVEA.**

A shrub of strong, vigorous growth, producing pure white flowers in great abundance, admirable for forcing. Price, 50 cents each.

Dianthus Hedewigii.

A beautiful class of single and double Pinks from Japan, of extra large size; very handsome, and varied in colors; free blooming, and neat habit. Price, 20 cents each; $2.00 per dozen.

Abutilon, (Chinese Bell Flower.)

Plants of strong growth, easy culture, and of continuous bloom, flowers bell-shape.

ALBUM.—Pure white.
MALAKOFF.—Dark orange, with brown stripes.
MARMORATA.—Pink with white stripes.
STRIATUM.—Yellow, striped brown.
VEXILLARIUM.—Calyx red; petals brown.
THOMPSONII.
  Price, 25 and 50 cents each.

Lonicera Aurea, Reticulata.
JAPAN HONEYSUCKLE.

One of the most beautiful climbers introduced, bearing white flowers, shaded yellow; of exceeding fragrance, its leaves being very distinctly variegated with a network of golden yellow veins, which makes it very conspicuous. Hardy. Price, 25 to 50 cents, according to size.

Delphinium Formosum,

Is without doubt the finest, hardy Larkspur in cultivation. The spikes are composed of flowers of the most brilliant blue, and are marked by a white spot in the centre of each flower, blooming through the summer and autumn months. Price, 25 cents each.

Achillea Ptarmica.

A beautiful dwarf, hardy, perennial plant that blooms profusely during the summer and autumn months, and are excellent for cutting for bouquets. Pure white. Price, 25 cents each.

Fancy Caladiums.
This is a most magnificent class of plants, the wonderful beauty of which it would be almost impossible to describe. Until lately they were supposed to succeed only under glass. For the past two or three years, they have been tried as bedding plants, in various parts of the country, and have proved a perfect success. They need only to be tried to be appreciated. Planted in the open ground, about the 1st of June, they grow rapidly, and spread their leaves, glowing with the rich colors of the tropics, until faded by the autumn frosts. Margined and delicately traced with a network of shaded green on a snow, white ground; bronze tipped with lake, showing a metallic lustre in the sun, rose, violet, carmine, golden green, crimson, almost all colors; shaded and marked as can be seen on no other leaves, give them a rare beauty intermingled with other plants, and in masses, a tropical magnificence. Of the easiest culture, they will grow in almost any soil or situation, but most luxuriantly in a rich loam, somewhat shaded, and where they can be watered if dry during the heat of summer. The bulbs should be taken up with the first frost, and kept warm and dry during the winter, Price, from $3.00 to $6.00, except where noted.

ROSES.

Hybrid Perpetual Roses.

All our Roses are grown in pots, thereby avoiding all risks of transplanting and insuring to the purchaser plants that are alive, and that will give satisfaction when planted in the open air.

Parties ordering by mail will find it to their advantage to allow us some latitude in the selection, for growing so many varieties as we do, it is impossible for us to keep a large stock of all the varieties we enumerate, and perhaps some of the varieties selected are not proper plants to send; therefore in this (as well as in other plants), purchasers will receive better plants, and insure more distinctness of color by allowing us to select for them.

**Gooseberries.**

This season we have imported all the leading varieties of this favorite fruit from France and Scotland. They are in splendid condition, and with a little attention through the summer months, can be made to produce fruit equal to that grown in Europe. The Gooseberry to succeed well in our climate, needs a close pruning and a good manuring yearly, and the ground covered with straw or litter during the hot summer months to protect the roots. By pursuing
this course the plants will never mildew, but will bear profusely. We have the red, white and yellow varieties. Price, strong plants, $3.00 per dozen.
